**Subject:** RE: West Fertilizer Explosion GIS Data Request

Janine,  
 Were you able to get the imagery cleaned up?  
 Thank you  
 Jake

**Subject:** RE: West Fertilizer Explosion GIS Data Request

We are working on the aerial imagery. I envision sometime today.

Please keep Raj Dutt cc'd on all the emails. He will be working on these things.

Thanks.

Raj, can you download this information and see about linking it up to the parcel data so we can make a layer showing built date on these parcels. I imagine they will want to see all the houses built prior to 1977 for absestos reasons.

Eric is this correct? Do you want it as a service?

**Subject:** RE: West Fertilizer Explosion GIS Data Request

Janine,  
You can download it at <ftp://ftp.ci.waco.tx.us/gis/> , then go to folder CityofWaco\West, the zip file is there.

Do you know when or if the aerals on the image service will be cleaned up?

Thank you  
Jake

Can you send the attribute table that will allow us to link the parcels to so let us know what the common field will be. geodatabase is fine.

Yes. The appraisal district stores that in an "Improvement table" seperate from the normal parcel data. Do you want me to send you that attribute table? What format?

Also, ATF has been asking, do you know when the aerals on the image service you gave me will be cleaned up?

Thank you,  
Jake

Jake,

Do you have an attribute field that lists the date of construction for the structures in those parcels?

Attached is a zip file. Rename to .zip. There are 2 polygon files of the exclusions zones for you to clip the parcels to.

Thanks.

Jake,

We will be sending you a layer file of an image service that is referenced. Expect an update around 3PM if not sooner

Jake,

Eric Delgado (also with EPA) and Janine Latham (START Contractor – GIS) can provide you with the ASPECT Aerial imagery shape file and have requested the parcel data. Per our discussion, they will coordinate with you so that we may help each other out.

Eric/Janine – Jake's phone number is (b) (6)

Thanks
